We accept no responsibility and will not be bound on information contained in this catalog after reasonable time of publish.

Shop Easy:

Our aim at ShopSSLTT is to not only make the products you desire affordable but also accessible to you the customer. This is why we have developed some easy to use tools to make the shopping experience a bit more easy.

Being in a competitive market with brands that are easily accessible we differentiate ourselves from the competition not only by offering competitive pricing, but giving you convenient tools to give you all the information you need before even leaving your home.

Payment Plan Details:

You can finance your purchases with flexible payment plans, finance your investments and pay as you earn when you purchase from ShopSSLTT. We are now offering payment plans for values between **TT \$1,000.00** and **TT \$40,000.00** powered by Courts Ready Finance.

Requirements

Before you apply for the plan make sure you have all the required documents

- Valid ID
- Job letter (not more than 3 months old)
- Pay slip (not more than 1 month old)
- Utility bill – proof of address (not more than 1 month old)
- References information – 1 family member and 1 friend
- Completed Application Form

COMPATIBILITY

ONE SYSTEM. HIGH DEMANDS.

40V max

The XGT System is the next generation of technology, engineered to achieve the optimum power required for heavier load applications without sacrificing run time. These high-powered products are the one-battery solution to handle the most demanding jobs and environments.

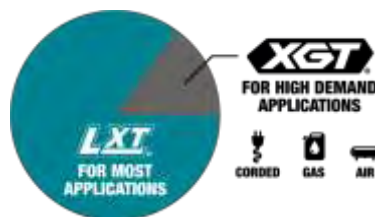

80V max (40V max X2)

Two batteries mean more power! Makita-built brushless motors, along with two 40V max XGT Batteries, deliver the power and performance required for heavy-load applications. By using two 40V max XGT Batteries, you get 80V of power within one system. The increased power and performance allow XGT Cordless Equipment and Tools to rival corded tools and gas equipment.

FASTER CHARGING TO GET WORK DONE FASTER

GET A COMPLETELY CORDLESS JOBSITE

The LXT® System handles most applications, but for high-demand applications that use corded, gas or air, the XGT System delivers higher-powered solutions. With 40V max and 80V max XGT® Products, pros can fully experience a battery-powered job site.

CHARGE BOTH XGT® & LXT® BATTERIES
